STRUCK BY SWITCH ENGINE.

Miss Hilma Steve has a Narrow Escape from Death.

Miss Hilma Steve, a former employee of the Improved Method laundry, had a narrow escape from death at 8:30 o'clock Saturday night. As she was about to cross the Northwestern tracks in front of the News office, she was struck by a switch engine. The engine was eastbound, moving slowly and ringing its bell. Apparently Miss Steve neither saw the engine nor heard the bell for she walked onto the track right in front of it.

She was assisted to the millinery store of Miss M. E. Glennan, No. 8 Spring street, and Dr. Gahagan was called. The accident attracted an immense crowd of people, and it became necessary to bar the doors to keep out the curious ones. Miss Steve's injuries proved not to be serious and she went home unassisted. She rooms at No. 357, Center street. Her home is at Lily Lake.

Christ Schupph, of No. 652 Forest avenue, saw the accident. He says that nobody but the young woman was to blame, in his opinion. He heard the bell plainly, he says.
